Cadillac announced a return to the large sedan market by unveiling the self-driving luxury 2023 Cadillac XTC at the: *April 1st Pompeii Auto Show in Italy.*

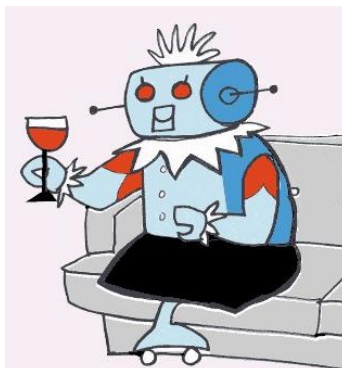

The prototype sedan caused a volcanic eruption of applause during the unveiling.

The XTC has many standard features that will immerse its owner in ecstasy, including standard driver and passenger massage chairs with Peloton Workout Cycles.

Buyers will enjoy a full bar with a robotic bartender.

At the touch of a button the XTC can be converted to a mobile hot tub and spa.

Cadillac's Italy Brand Manager, Fullo Crapolla, said "The 2023 Cadillac XTC is so luxurious, even the name says 'ecstasy'."

The 2023 XTC will be at Cadillac dealers as soon as the chip shortage and supply chain issues are resolved.

THE ROAD TO THE OSCARS

Starring Chris Rock and Will Smith
in a new "Slap-Stick" comedy.

"A knock-out script" *Gene Siskel*

"Will Smith has another hit on his hands" *Gene Shalit*

"I've seen a million horses rear-ends, but nothing like this" *Gene Autry*

Rated G for "Gee whiz, what kooks!"

Happy April Fools Day from your WOTLR Editor

Director's Message

Spring is here? Hmm, maybe not quite yet. It feels like winter part III right now. However, we had our first meeting of the year which brought thoughts of summer. We had a good turnout both at the American Legion Hall and online. The last couple meetings of 2021 have very small turnouts, so it was good to see a larger turnout to start out 2022. We have a lot of things going on this year, along with the Grand National.

I want to remind everyone that your membership renewals for 2022 are due April 1st. Everyone should have received their renewal form in the mail by now. If you have not received it, or have questions, please contact our Membership Secretary Ron Schweitzer. For those of you who are receiving the newsletter by mail, I highly recommend that you consider switching over to the email version. This can be done on your renewal form, or anytime by contacting Ron. The reason I recommend the email version is that you get a lot more content since the printed version is limited to 12 pages to qualify for one first class stamp. The emailed newsletter typically has twice as many pages (and pretty colors).

We held our first Region event of 2022 with a morning gathering to look at a 9K mile bicentennial Eldorado. Cadillac only produced 200 of these "last" convertibles, so you don't see them very often. We had a good time talking about cars while eating donuts and drinking coffee (plain water for me as some of you know). A big "Thank You" to Tom Orlando for hosting the event!

Our next event of the year will be a FREE guided tour of the Joliet Iron Works. If you enjoy history and manufacturing, then you will find this to be an interesting tour. The facility is long gone, but the foundations remain which makes it seem like the local equivalent of the ancient Roman ruins in Italy. Our tour guide will explain the history, process, and working conditions which were not very pleasant or safe. While there is no cost, we ask everyone to register so that we have an idea of how many attendees to expect. There is about 1 mile of total walking over the course of 1.5 hours, so it is a slow pace with lots of stopping at each spot. Look for all the details in this newsletter.

Hopefully everyone saw the information on the upcoming Judge's Workshop in May. This is in preparation for the GN. I recommend anyone who plans on judging, or having a car judged, attend this workshop. For those having your car judged, it is beneficial to learn what judges will be looking for, and how they will rate everything they are looking at. I have judged at GN's for many years, and I always come across individuals who think they have properly prepared their car, only to learn that they did not. Once you attend this workshop, you'll know how to properly prepare your car. Registration for the workshop can be found on the GN website www.2022gnchicago.com

Speaking of the GN website, we have a lot of great information available there including a page where you can see the registered cars, well sort of. Since we don't want to give away everything, we are only giving teaser photos. This is where I need your help. We don't have very many photos yet, so if you have registered a car, or will be, please send me a teaser photo that we can put on the website. Remember, we don't want the entire car in the photo, just a little piece, interior or exterior. Everyone will have to wait until the GN to see the rest.

Until next time, motor on,

Fred

Joliet Iron Works Free Tour

April 30, 2022
10:00AM

Joliet Iron Works Historic Site
75 Columbia St. Joliet, IL 60432

Did you know that Joliet was once home to the second largest steel mill in the entire U.S.? The plant opened in 1869 and ceased operations in the 1980's. There were four blast furnaces capable of producing 2,000 tons of pig iron daily. It was a laborious and dangerous process. Today, the blast furnaces are gone and the site is reminiscent of the Roman ruins. For history buffs like many of us are, this is a fascinating part of local history that few know anything about.

Join us as we tour the remains of the old Joliet Iron Works. This 1.5 hour tour will be led by the Forest Preserve District of Will County which owns the site today. Our tour guide will provide detailed explanations of the history, operations, and remains to create images of an interesting, but grueling process that left this area decades ago. While the site is always open to the public, tour guides are only available to group tours. Take advantage of this opportunity to learn some local history, see your fellow WOTLR members, and take in some fresh spring air. **This is a FREE tour!**

Notes:

- Please **dress for the weather!** Tour is lead rain or shine. If there is lighting/storms we will try to reach out to you by email if we do cancel.
- Directions to plug into GPS is under **Joliet Iron Works Historic Site 75 Columbia St. Joliet, IL 60432**
- **Allow extra time** to get to the site. Downtown area has a lot of construction right now and in general Joliet is notorious for the bridge being up or for train crossings.
- **Bathrooms and drinking foundations are located in the parking lot.** We will check-in and start the tour at the pavilion which is visible from the parking lot.
- Wear your best walking shoes! The tour is a **half-mile walking tour** and half mile walk back to the parking lot.

Join us after the tour for lunch at Merichka's Restaurant. They are known for their poor boy sandwiches. The cost of lunch is on your own so everyone is able to order off the menu.

Stephen Chareas, Fred Butalla, Glenn Brown and Ron Schweitzer with the 1976 Bicentennial Eldorado

West of the Lake Region members got together on Saturday, March 26th for coffee and donuts and to enjoy an up-close visit with a rare 1976 Bicentennial Eldorado Convertible. The Bicentennial was a special edition of 200 identical cars produced to mark the end of regular production convertibles in the USA. West of the Lake Region member Tom Orlando has been “foster parent” to the Eldorado since January. After a few tweaks to make it perfect, it will ship off to its new owner. **The Eldorado was fitted with a sample of the 2022 Grand National license plates available to members. (Left)**

(Right) Paul Casey, Tom Orlando, Ron Schweitzer, Fred Butalla, Glenn Brown and Bill Bijou inspect the Bicentennial.
