VISIT THE CADILLAC ONLINE PRESSROOM

Back in the "Old Days," new car press releases came primarily in the form of brochures and catalogs that could be obtained at your local new car dealership. You might very well own copies of these for your particular collector vehicle. We now live, however, in the 21st Century, and it certainly is a digital age.

Board Member Bob Schles recently attended the New York Auto Show and was kind enough to share the following with us.

"I made my yearly jaunt to the press preview at the NY Auto Show. At the Cadillac booth I was given this website to access media material for Cadillac: media.cadillac.com

"The website not only has all the latest press releases, photos, and videos of the newest Cadillacs but also some historical information which might be of interest to our club members.

CCNJ SPRING SHOW IS RIGHT DOWN THE ROAD

In New Jersey, erratic weather and wildly-fluctuating temperatures can mean only one thing: early spring is upon us. And with it comes another edition of our annual spring show, to be held on Sunday, April 24th.

Held at the literal peak of the magnificent Palisades and overlooking the Hudson River, this show always serves to ring in a new cruise season in style. Come on out to catch up with some gorgeous Cadillacs, new and old, and some friends, new and old. See pages 3 and 4 for details.

LOSE THE WINTER BLAHS AT RRR "DUST OFF" BRUNCH

Can't wait for our spring show to enjoy your first car event of 2016? Then come on over to Central New Jersey to enjoy another highly-anticipated "Dust-Off" Brunch on Sunday, April 3rd.

Whether or not you bring along your classic car, be sure to bring along your appetite! See page 8 for full info and c'mon out this weekend!

Cadillacs are needed to help celebrate the MINISCEONGO YACHT CLUB'S 75TH ANNIVERSARY on May 28, 2016. The yacht club, located in Stony Point, NY, (about a half-hour from Paramus) is in need of nine or ten cars to be featured in the Opening Day ceremony. The vehicles will be paraded to the podium, dropping off past commodores as they are announced from the podium. After they discharge their passengers (one or two per car) the cars will be escorted to the lawn area for display. The yacht club will make a \$200 donation to the CCNJ and provide a light lunch for the drivers. Please call Tom Austin (new member of the Cadillac Club and past commodore of the yacht club) for details: 201-825-7653 or cell 201-819-3569. Email address is: tmaustin@optonline.net.

Note: The Minisceongo Yacht Club is a non-profit boating club. It is what is known as a "working club." A working club is where regular members self-maintain the entire premises, build docks, maintain lawns, etc. Whatever needs to be done the regular members do it. We are known to have the most beautiful boating facility on the Hudson River.

Director's Message April 2016

Happy Spring Fellow Members!

Jumping right into April, there is a lot happening and I hope you will be able to attend, with or without your car. On the 3rd the Raritan River Region is holding their Annual "Dust Off Brunch," which is always a wonderful event. Sorry to say Rob and I will not be attending. We are headed south for a few days to visit with my Dad and Sister and her family. But on the way there and back, don't worry, we will always be on the watch for a stray Cadillac in a yard or driveway.

The Cadillac and LaSalle Club Grand National is happening this month in Las Vegas, and I know that a few of our members will be attending.

On Thursday, the 21st, we will be having our club meeting and hopefully we can gather around the cars after the meeting portion if the weather cooperates.

Then on Sunday, April 24th, our 25th Annual Spring Show will be held at the Palisades in Alpine, NJ. See the registration form in this newsletter. I hope you will ALL be attending this event, again with or without your car. Hopefully you will be getting all the fluids checked, belts, tire pressure and whatever else you need done so you can get your wonderful Cadillac or LaSalle out to share with the rest of the club. Never ever feel that your car is not good enough to show! We love to see all kinds of cars in whatever shape they are found. This is where you can get info about your car's needs. And again please remember that all cars need a fire extinguisher on board.

The reason we have pre-registration for the show is that it helps me know how to prepare in advance for what we need to do. And it saves you \$5. Again we will be needing volunteers with parking the cars, helping with registration, and also to help with selling merchandise. Please call me on the club phone or I will have to call you. To all of you I wish a month full of fun and happy miles with your Cadillac or LaSalle.

See 'ya down the road,

Lois

Rob Harriman,
Treasurer

New Jersey Inspection Law Update

Dick Bankart recently passed along news that he received a mailing from the New Jersey Motor Vehicle Commission, updating the policy regarding vehicles that are exempt from mandatory NJ inspection. This information will likely be of interest our members, many of whom own and operate vehicles that qualify for exemption. The cut-out below is not a legal document, but an informational one; members may wish to print out and keep a copy in their vehicles to reference in the event of a traffic stop.

The vehicles listed on this card are no longer required to display inspection stickers after May 1, 2016 pursuant to N.J.A.C 13:20-7.2

- ⇒ Gasoline powered vehicles registered passenger model year 1995 & older with a GVWR 8,500 pounds or less
- ⇒ Gasoline powered vehicles registered passenger model year 2007 & older with a GVWR 8,501 pounds to 14,000 pounds
- ⇒ Gasoline powered vehicles registered passenger model year 2013 & older with a GVWR 14,001 or more

Vehicles owners are still required to maintain all safety and emissions equipment and may at any time be cited for malfunctioning or missing required equipment.

Directions to our Spring Show

Stateline Lookout, Alpine, NJ

From the Palisades Interstate Parkway (Northbound) The well-marked exit for State Line Lookout is about 2 miles north of Exit 2. Can also be accessed from NJ Route 4 and many other roads.

From the Palisades Interstate Parkway (southbound) Stay in the left lane after passing Exit 3. Take the median U-turn (well marked). Use Caution, as you will need to get into the right lane immediately to exit for State Line Lookout. (The Palisades Interstate Parkway can be accessed from the NY Thruway and many other roads.)

Questions? Need assistance? Call the Club Phone: (21) 888-8727

OUR FIRST DECADE

PART THREE

On the tenth anniversary of the club in 2001, club founder/Past President Bob Walton and then-Club President Gerald Meisel wrote a history of the CCNJ as a newsletter supplement. In this special 25th anniversary column, we will reprint their recollections, one year at a time.

1993

Written in 2001 by Bob Walton

In January of 1993 the club held its first "After the Holidays Crunch Brunch" at the Mountainside Inn in Clifton. As a result of the efforts of Sal Santoro, the club banner was unveiled at the brunch. This beautiful banner has enriched the club's activities ever since. Also at the brunch, the name "Caddy Chatter," suggested by member Bob Goetzl ('68 CP) was selected by vote of those present.

In February, we received the news that the management at the Fireplace was concerned that we had grown so large that they withdrew their invitation for us to use their parking lot for our Wednesday evening outdoor meetings. A mad scramble ensued which eventually lead us to the Burger King on Route 17 South in Rutherford which served as our base for the 1993 outdoor season.

Membership cards were issued for the first time in 1993. At the March indoor meeting I was presented with a plaque by the membership, thanking me for my efforts on behalf of the club. I still cherish that plaque.

In April the club logo and decals were designed, printed, and distributed. In July, the club held its first picnic at the Oakland Elks Club Picnic grove in Oakland, NJ. Also in July, member Colette Landi, a producer for the television show Video Fashion Weekly, filmed many members and their cars for a feature entitled, "Made in America." The professionally produced segment aired on TV all over the country and in over one hundred twenty countries, but we never saw it in the New York area. Members received phone calls from relatives around the country who had seen them on TV. Fortunately, the club received a copy of the beautiful video and we showed it at an indoor meeting accompanied by numerous hoots and hollers as various members made their appearances.

In August, we cruised as a group to Middletown, NY, to assist with a restaurant's grand opening. What a scene we created; forty old Cadillacs cruising north on the NY Thruway. We were fortunate we didn't get ticketed for holding a parade without a license. August was also the month in which the first club membership directory was produced and distributed.

In October, our second annual fall show held at Brogan Cadillac of Ridgewood was a major success. Among the twenty new members signed up was Dick Bankart, later to be the club's third president. Also in October, the Hemmings Vintage Auto Almanac included an entry about our club for the first time.

On the evening after Thanksgiving, six hardy members provided transportation for the Hasbrouck Heights Woman's Club in their town's annual Christmas parade. We proudly drove TOPS DOWN the entire route, passing the local bank's temperature sign proclaiming thirty-two degrees.

North Jersey Auto Show

Antique Car Show & Flea Market

Sunday May 15th 2016

Presented by: Restored Rusty Relics

Mark Your Calendar Sunday

April 3, 2016 9:00 AM to 12:00 PM

Our Annual

Variety is the spice of life. Look at the variety of cars on the highway, the variety of architectural styles in your neighborhood or the variety of foods at a dust-off brunch. Over the years the Home Town Buffet has been the Raritan River Region's choice and this year will be no different. This year we will hold our Dust Off on a Sunday and it will once again be all you can eat, at a reasonable price of only \$7.75. How do they do it? For that \$7.75 we get eggs, pancakes, french toast, sausage, bacon, danish, toast, omelets, home fries, etc., etc., etc., Our price even includes taxes and gratuities. Now that's a bargain!

As we all know another main attraction of our Dust Off has always been the camaraderie of our fellow region members. The buffet serving style promotes mingling. Interesting conversations will abound. Who has made progress with their restorations? What sort of upgrades can we expect to see in the spring? Will the weather cooperate enough to allow collector cars?

So here's the details:

Date: Sunday, April 3, 2016

Time: 9 am to 12:00 pm

Place: HomeTown Buffet

561 U.S. Route 1 South, Edison NJ 08817 Phone

(732) 777-1104

Cost: \$7.75, all inclusive

What to drive: It is always nice to see collector cars, but it is not necessary for this event.

Directions from the north: Take your favorite Road to I-287 South, Exit 1B. Immediate right off exit ramp (careful, Main Street traffic has right of way) to U.S. 1 South. Wick Shopping Plaza (anyone remember Edison Lanes?) is exactly 2.5 miles ahead on your right. On today's journey the absence of the huge American Flag was conspicuous. It may re-appear in March when the weather improves. If you take the Plainfield Ave exit (this is Fulton Street), HomeTown Buffet will be on your right.

Directions from the south: Take your favorite highway (in most instances this will be NJ 18) to U.S. 1 North. Go over the Morris Goodkind bridge. 0.9 miles past the bridge are the exits for Plainfield Avenue, Follow the signs for Piscataway/Dunellen. Follow the cup handle behind Wallgreens and then back across US 1. Immediately after crossing US 1 turn right on Fulton Street, then left into HomeTown Buffet's parking lot.

No need to register: just show up, bring \$7.75 and an appetite.

CLC Membership Requirement

The By-Laws of the National Cadillac & LaSalle Club require all region members to maintain active membership status in the National Club. This protects all members by providing insurance coverage through a national policy with J.C. Taylor. Each year, the CCNJ is required to submit our member roster for compliance review. Our chartered status as a Region can be revoked if we do not maintain compliance with this requirement.

The Cadillac & LaSalle Club offers many benefits, including the award-winning monthly magazine, *The Self-Starter*, participation in national events, and award eligibility at regional events. See all the various national membership options and dues schedule in the National Membership Directory, or through the CLC website and national office phone, email and postal addresses below:

THE SATURDAY EVENING POST

May 10, 1925

THE SATURDAY EVENING POST

113

A FUNDAMENTAL ECONOMIC FACT NO MOTOR-CAR BUYER CAN IGNORE

IN THE purchase of a motor-car or any other motorized vehicle, the most vital and compelling factor, regardless of any other consideration, is inherent value.

No business institution can ignore this truth and survive. No motor-car buyer can afford to ignore it.

It is the only sure basis of sound judgment buying. The principle underlying this fundamental economic fact has long been a tradition and a habit with the Cadillac Motor Car Company.

The buying public understands and recognizes this. It realizes that the highest quality product—the product of greatest inherent value—is to be found in the most economical product.

Thus public has actually and fully evaluated Cadillac and La Salle—and not the Cadillac Motor Car Company.

It knows full well the traditional confidence of Cadillac-La Salle craftsmanship.

It was at work in Cadillac and La Salle the vast buying power of General Motors. Millions planned to permit value-giving in terms of any other standard.

And it was quite reasonably certain that no other manufacturer can produce as fine a car as one the Cadillac Motor Car Company without exacting a price premium that would make the product unobtainable.

That the public has confirmed its judgment is attested by its loyal allegiance to Cadillac and La Salle and by the fact that they are consistently leading in Cadillac-La Salle territory.

This is proved by the fact that in 1925 Cadillac-La Salle dollar volume exceeded the dollar volume of any manufacturer in the free car field, and Cadillac-La Salle leaders in Detroit made standard models—the very ultimate in luxurious equipment—exceeded the custom-built features of all other American motor-car manufacturers combined.

In fact, the solid and unshakable faith of the nation in that other Cadillac and La Salle already contained untold positive and dollar volume advantages in the free car field.

And the Cadillac Motor Car Company has achieved this profound position in the public field and this dollar volume dominance only because of inherent value.

It is the unshakable satisfaction and loyalty of the Cadillac-La Salle public that has inspired not

in a very real and literal sense, created the demand, retained that demand and La Salle the brand and inspired cars on the streets of the world.

It is this enthusiasm and the loyalty that have made it possible for the Cadillac Motor Car Company to be constantly raising quality, constantly increasing value, constantly giving more and more for the purchaser's dollar—

More in the engineering sense has been exemplified by Cadillac and La Salle's exclusive Fisher and Plummer bodies now in brilliant performance, through the high reliability and efficiency of the specially modified Cadillac-La Salle 90 degree, V-type 8-cylinder power plant—

More, too, in progressive engineering as most recently evidenced by Cadillac-La Salle's three alternatives and exclusive safety features—the Synchro-Mesh Silent-Shift Transmission, Duplex-Mechanical Brakes of Four-Wheel Brakes and Security-Plate Glass in all windows, doors and windshield.

It is precisely because in all the world that this genius has been consistently yielding the value and between Cadillac-La Salle and cars equipped to compete with them, and value it is revealed—more substantially than ever before—that Cadillac and La Salle have no real rival.

CADILLAC MOTOR CAR COMPANY
Division of General Motors
DETROIT, MICHIGAN MONTREAL, CANADA

Cadillac engineers have found that only the 90 degree, V-type, 8-cylinder engine produces results that attain the Cadillac ideal and are worthy of the Cadillac name. Advancing their ideals still further, they have recently added these great safety and mind-ease features found on no other cars: Duplex-Mechanical Effortless Four-Wheel Brakes, Synchro-Mesh Silent-Shift Transmission and crystal-clear, non-shatterable Security-Plate Glass
