DIRECTOR'S MESSAGE by *Chuck Patton*

Ladies and Gentlemen, another year has traveled down the road. We have spent our time improving and driving our cars. While we sleep we dream of buying another car, only to awaken to the sound of practicality. . . . or a resounding NO from our spouse, to another Cadillac. The voice of reason should drive us into the future?

Remember, your car is aging, you are growing wiser.

*Happy Holidays

The Sixty by Mano Forsman

A beautiful 1960 Cadillac 6229 began its life in Northern Sweden as a Company car, owned by an Executive Director. In 1970, I purchased the car from him.

I was 24 years old.
I owed my first Cadillac.
Life was good.

I loved driving my 60 Caddy around town, in

Orskoldsvik. One day while cruising, I met Margaretha. She soon fell in love with the “Sixty” (as she named it) and with me. We got married and enjoyed the car for 2 years. At that time, I became enamored with a 1963 Biarritz. I was fired up to trade the Sixty for the 63 Eldorado. However, Margaretha was not excited about the trade. She later told me that while she was washing the car for the last time, she talked to the car and whispered to it “Someday when I have enough money, you will come back to me.”

That was in the early 70's. Through the years we raised our 3 children, Henric, Erica and Emilia. We loved driving our Eldo '63, but Margaretha continued to lament the loss of our beautiful Sixty. I was very touched by her love of that car. In 1990, I decided to secretly try and trace the car. I finally located it in 1994. The owner did not want to sell. I kept in contact with him for years. In 1997 I got word from him that he was ready to move the Cadillac. I surprised the love of my life by giving her

the car as her birthday present. She was overwhelmed at seeing the car again and having the keys in her hand. That was one of her happiest days (and mine too!) However, the car was in horrible shape.

It had rust and an incorrect paint scheme. Over the next three years the car became a family restoration project. My son

Henric, who is a good body man, along with Margaretha played a large role in

the restoration. The Job was complete in 2000. Margaretha loves to be behind the wheel of her Sixty again. She takes great care of this very special member of our family. She is excited to share her story and be a member of the 5960 Cadillac Chapter.
