President's Message

Cadillac Through The Years: Some would say Spring has arrived. Most of us would say the only Spring we really had was at Cadillac Through The Years (CTTY). What a perfect Spring day in Las Vegas. Just the right amount of sun, a light breeze, and people. Oh my gosh, were you there? Thousands of people. There was more attendees this year than last.

Let's talk CTTY for a moment. This was clearly a great event. Our sponsor, Findlay Cadillac poured thousands into TV ads, morning show, and print media. LJ brought entertainers, radio stations and much more coverage than last year. It made a huge difference. John Saksa said he loved the result. Before we get to involved in identifying reasons, let's remember that it takes a "village or an army, or a great club like ours to pull off an event of this size. While we had 74 show cars, Findlay had an additional 6 plus and a Clark County Fire Engine that was a huge hit with kids. On behalf of every member of the club, THANK YOU for all that each of you did and for your participation. We couldn't have done this without YOU.

Cars and Coffee and CTTY Pictures: Go to LasVegasCLC.club (yes club) to see pictures from both Saturday and Sunday. You can also get there from the Table of Contents by choosing the event you want to see. Our photographer (FriendmanArchieves.com) took over 400 pictures between the two days and over 300 made the cut.

Picnic: Our picnic was great. Jerry Robinson (and Linda), did an awesome job. The raffle was great. Sooooo many prizes. It was good to see everyone at Spring Mt. Ranch.

FUN: That's the third reason we belong to the club. First is our passion for Cadillacs, the second is we love or like being around this great group of people. Fun is one more reason why we're here all the time.

We hope to see you at the meeting this month on May 23rd at the T-Bird.

Thank you for the privilege of being your President. I truly appreciate each of you.

1927 — The LaSalle

In the News May 21, 1927

In 1927 GM INTRODUCES THE LA SALLE, an elegant, upmarket, yet more affordable, automotive brand for the Cadillac division. The La Salle was offered in a full range of body styles, including Fisher and Fleetwood custom designs. Cadillac loaned the new marque its "Ninety Degree V-8," which, in the smaller La Salle, created a sporty, fast and agile driving experience. Designed by Harley Earl, the stylish cars set a new trend in American automotive styling, leading to Earl's appointment as the head of General Motors' design studios.
