President's Message

Hello everyone,

This is truly an exciting time for our club. Some of the best activities are just around the corner. We truly believe that our club is the most fun you can have with your Cadillac. Why? I'm so glad you asked.

Uncle Phil's Cadillac Collection. Saturday February 23, 11 am - A trip through time and the opportunity to see a very unique car collection.

Uncle Phil has been a Vegas legend for a long time. Google him and you'll see a man that has accomplished a great deal. He has several collections but it's his collection of cars and specialty vehicles that we have a rare chance to see. This is also probably one of the if not the largest collection of 1941 Cadillacs in the world.

Our club friend Uncle Phil is now 93 years old. He built this collection to be enjoyed. This rare Cadillac collection may or may not be around in the future.

Now is the time to see this collection of 180+ cars. 90+ are Cadillacs and 34 of the Cadillacs are 1941. Every model and duplicates of some. All are very low mileage.

Bring your camera and your best walking shoes. This is a treat you won't want to miss.

Details and address are on the flyer. You do need to RSVP to Don W 702-498-0116 that you are coming so we can plan for parking. Please car pool or park off site (see flyer) if at all possible—it is just a short walk.

14th Annual Cadillac Through The Years Sunday April 28 - at Town Square. Too soon to think about? Not really. We started the planning back in November of last year.

Would you like to be apart of this great show? Here are a few ways you can help.

- Be willing to show your beautiful Cadillacs, \$20.00 for members, \$25.00 for non-members and it is FREE if you coming from out-of-state. Register on line!
- Be willing to volunteer for our registration, raffle or membership booth—let us know at the meeting or contact DR
- Be willing to volunteer to work with our event PARKING STAFF—Contact Gary Weaver at 702-219-2839 if interested.
- Be willing to inform others at car shows or elsewhere by putting Save-the-Date cars under the windshield wipers or on the seat (car shows) of Cadillacs you find day-to-day. Pick up cards at the meeting!

For more information about these two events and all events, please go to our website or our event site.

Next Meeting Wednesday, February 27. Our next meeting will be on the 27th of February at PT Gold, 215 at Buffalo.

Thank you for the privilege of being your club President. I'm looking forward to seeing you soon.

**See you at the meeting,
DR**

11 a.m.

250 S. Rancho Drive Las Vegas, NV 89107
Car Collection ONLY

You may invite guests.

This is the best collection of Cadillacs in Las Vegas!

Directions: It is on the west side of Rancho between Alta and the 95. Come south off of the 95 OR north on Rancho from Charleston and U-turn at Rancho Bel Air Drive.

Parking: Parking is somewhat limited/tight. You may wish to car pool or walk in. At your own responsibility, to walk in park down at Starbucks (0.5 mile/10 min) or across the street in the doctor's office parking on Alta (about 0.2 miles/5 min)

Uncle Phil:

The favorite car Phil has in his collection is a 1941 Cadillac, just like the first car his father bought him as a young adult and the very first one he learned to drive. Included in this is also a rare 1931 American LaFrance Fire truck. It is part of one of the most prestigious car collections in the world of which there are 80 cars at present.

Cadillac Updates and Just for Fun

Cadillac Racing soars as the brand reboots—3 wins in 3 years! Cadillac has won the 57th running of the Rolex 24 Hours at Daytona. The Konica Minolta Cadillac team soldiered through 24 hours of start-and-stop racing to give the Cadillac brand a Rolex 24 hat trick with their third win in as many years. (Photo: Richard Prince, Cadillac).

The handmade Cadillac Blackwing will only be found under the hood of the 2019 Cadillac CT6 and CT6-V models. In the standard car, the engine will produce 500 hp and 553 lb-ft. In the performance oriented V guise, however, the twin turbo V8 will offer 550 horsepower and 627 ft lbs of torque. Cadillac says they have optimized the motor for a smooth, flat power curve. By placing the turbochargers between the banks of the engine, turbo lag is reduced and throttle response improves. The Germans have been using this “hot vee” setup for a while, and now General Motors will follow suit with The Cadillac

Blackwing. The first V8? 1915. Price of CTSV6? Under \$90K but unless already have, it is sold out!

Check out the Video at <http://gmauthority.com/blog/2019/01/cadillac-blackwing-v8-gets-its-own-hype-video/>

Why is it called the Blackwing? The motor is branded Blackwing, and the origin of that name is noteworthy. Blackwing name actually comes from the original Cadillac emblem, which featured a black bird called the merlette. Every individual Blackwing engine is truly a masterpiece in its own right. Each unit is handcrafted by a single technician at the GM Bowling Green high-performance build center. DOHC V8 Cadillac Engine History: Northstar and the New Blackwing.

The first Northstar engine, RPO Code L37, was launched in the 1993 Cadillac Allante roadster and the Cadillac Eldorado. It displaced 4.6 liters and delivered 295 horsepower and 290 pound-feet of torque. Developed to combat an onslaught of German and Asian rivals with DOHC V8 engines, GM developed the Northstar engine family for Cadillac. It was a first for GM and for Cadillac as a brand. See the Blackwing above. Read more: <http://gmauthority.com/blog/2019/02/northstar-and-blackwing-a-brief-history-of-dohc-v8-cadillac-engines/#ixzz5ecrBDQM>

For Fun: Gangster Car Talk Match! The 1920s and 1930s were highly influenced by cars as we all know. Without the car, it would not have been difficult to be a bootlegger. Would you have fit in? Can you match the slang term with the meaning at the time? **Answers are on page 5.**
