My 2000 Cadillac Eldorado

This is my treasured 2000 Cadillac Eldorado. There is good news and bad news about this series of cars. The good news is that I have owned several over the years and enjoyed every one of them. The bad news is they stopped making them in 2002. I was, needless to say, devastated. After owning many Eldorado's prior to my current one, it was the model Cadillac that I was totally sold on. The style, the interior, the ease of handling just fits me. I like two door cars. I bought it used in 2005 from Cadillac West and when I purchased it the car was totally that dark green. It had a sun roof and I asked them to put a tan vinyl top on it which made it stand out more and gave it some character. I keep it garaged and put very little miles on it. I am still under 100,000. It runs just fine with very little maintenance issues. It is the only car that I drive and the newest car that my husband and I own. His is a 1999 Cadillac Sedan DeVille. I hope that it will continue to be my pride and joy for many years to come.

Cindy Coletti, Proud member of the Las Vegas Cadillac Club

Original dealer Info on page 6.

More Jerry R's "New" 41

I have a repair order from 1996 it states that the car has 40% present brake remaining. It also has several other repairs noted that the car will need. So far everything listed is correct. The repair order shows the cars mileage and Phill Maloof as the owner. Since 1996 it has been driven an additional ~250 miles. It's not ready for the Grand National yet but soon. I'm working on the brakes. The wheel cylinders expand the brake shoes that push against the brake drums. This causes friction that applies the brakes. The wheel cylinders have been sitting idle so long that the dissimilarity of the metals caused the wheel cylinders to Corrode. I'm replacing them also over hauling the brake master cylinder. The master cylinder is the part that pushes brake fluid into the wheel cylinders when you apply the brakes. Next I'm going to over haul the fuel pump. More pictures soon.

President's Message

I'm blessed to be in meetings every day where our pandemic is discussed from multiple points of view. My bottom line is that some of us can not afford to write checks that our physical condition is not in a position to cash. Simply stated, it pays to play it safe.

Frustrating? Without a doubt. So, what can you personally do to ensure that our club maintains its cohesiveness? How can we participate in something that demonstrates our passion and commitment to the club?

Join Us At The Zoom Meeting! May I humbly suggest attending our Zoom meeting on the 22nd of this month at 7 pm. Our virtual doors will open at 6:30 am. Be prepared to give us a brief update on you and those you care about. How are YOU doing?

Ideas? As always, we're open to suggestions. Anything you can think of that would help keep us strong as a club will ABSOLUTELY be considered and appreciated. A well-worn phrase but so true, "We're in this together."

Be strong, be safe and we'll look forward to seeing you at our next virtual Zoom club meeting.

Till then . . . DR

Other Notes:

Changes in Newsletter Distribution Dates Starting in October, you will continue to receive newsletters two times per month. The first one will be distributed on/around the first. The second newsletter is planned to be distributed no later than the weekend before the meeting. I hope this helps you to remember to attend the meeting and keeps you in touch with all of us and remind you, above all else, **to drive your Cadillac.**

2000 Cadillac Eldorado

Cadillac has pulled out all the high-tech stops for its Eldorado Touring Coupe. The Northstar engine, the silky smooth transmission and the suspension tuning are first rate. The Cadillac Eldorado is powerful and luxurious. The moment you settle into it you know you're in a Cadillac. The interior practically shouts big, lavish and grandiose. Slam the throttle down and a different breed of Cadillac springs to life. The Eldorado takes off aggressively, surprising you with its vigor.

For 2000, Cadillac has improved its Northstar V8 for lower emissions. Eldorado Touring Coupe gets a new set of wheels this year and replaces chrome with sporty body-colored trim. The ETC logo is revised, while the standard Eldorado has been re-named Eldorado Sport Coupe, or ESC.

Source: www.newcartestdrive.com/reviews/2000-cadillac-eldorado/ By Ted West April 17, 2000

Drawn by Aiko Perry for her dad Thomas' birthday. What talent! Looks like we have another future Cadillac owner in the making. Approved for publishing. Submitted by Anthony C.

Fall Color and Pumpkin Spice

Only a short time to see "color near Las Vegas. Take a quick ride and picnic lunch up to Floyd Lamb State Park or Mount Charleston. "Peak" color is usually around the first week of October. Cadillac pictures are from the 2019 Driving Tour near Gettysburg PA.

Classic and New Cadillac Repair and Maintenance:

Do you know of a shop or individual you can recommend?

Everyone is always looking out for recommendations for mechanical and other work and maintenance so we thought that we would start compiling a list that will be published. Please send it back from this email.

Please include:

- Your name and best contact number: (Including in case someone wants to call)
 - Name and Contact/Website (NOTE Classic, New, or Both)
 - Anything that you want to say (Please keep it short)
- We as a club or you are not guaranteeing any work, etc.
but it is getting harder to find someone reliable to work on the classic Cadillacs
