

FALL SHOW IS A GO & OTHER SCHEDULE UPDATES MEMBERS COME OUT FOR PIZZA CRUISE-IN

CCNJ Cadillac cruise in at Pizza Town USA; show cars grace the field at a Concours d'Elegance

FALL SHOW AND OTHER FALL SCHEDULE NOTES

By Lois Harriman

The indoor meeting previously scheduled for Thursday, October 15th, will not take place, but instead we will be gathering with a "Cruise-In to the Fireplace." Cars, talk, and food, if the weather permits.

Our October and November club meetings are on hold for now with all that has been happening this year. At our board meeting on the 20th of September, the board agreed that we will go forward next year with the same board and duties. If there are folks that would like to be on the board, please contact Lois or Tom. You will be gladly welcomed.

We are starting to think about next year...hard to believe the club will be celebrating 30 years! If you have any ideas please speak up and let us know.

Also, our CCNJ Fall Show will take place and is being held at The Fireplace on Halloween day,

October 31, from 10:00 AM to 3:00 PM. A few special restrictions will be required; please see pages 11-12 and be sure to register early.

CARS COME ROLLING IN TO PIZZA TOWN USA CRUISE-IN

By Tony Albarella

The club cruise-in for September was held on Thursday, September 19, 2020, On August 20th, a beautifully warm late-summer/early fall evening. Cars met up at 6:30 PM at Pizza Town USA, on Route 46 in Elmwood Park, NJ. This venue, a local tradition first founded in 1958, really set the stage for the arrival of our vintage automobiles...especially as night dawned, and the red neon Pizza Town USA sign flared into glowing existence.

The turnout was excellent as members caught up with each other as this long, strange year entered its waning months. We even had a few non-members drop by with Cadillacs of their own, and of

course our cadre of classic Cadillacs attracted the usual passersby.

Pizza rarely disappoints as comfort food, and it certainly fit the bill at this gathering. Cindy had a pair of slices while I opted for a calzone, and we took home some zeppoles for a late-night dessert.

Those in attendance include: Bill and Lucille Marcy (in a '96 Fleetwood Brougham, newly acquired from Richard Paley), Anthony and Anita Lopomo ('59 Coupe DeVille), Anthony Vanacore ('70 Fleetwood Brougham), Lou Filardo ('02 Eldorado ESC), Rob and Lois Harriman ('63 Coupe DeVille), Roy Garretson ('42 7-Passenger Formal Limo), Steve Calandra ('58 Chevrolet Bel Air), Michael Cascio ('62 Coupe DeVille), Lisa Buono ('87 Brougham), Tony and Cindy Albarella (daily driver), a non-member named Andrew with a blue late-model ATS Coupe, and an unknown couple with a '77 or '78 Eldorado.

Hello Fellow Club Members,

Great News! Our FALL SHOW is ON. Shine up those beautiful Cadillacs and bring them to our favorite venue, The Fireplace, on Route 17 North, Paramus NJ, on October 31st from 10:00 AM to 3:00 PM.

Additional details and registration can be found on pages 11-12 of this edition of *Caddy Chatter*. Please understand that this year's show is quite different than previous years. How so, you ask? Briefly, here is what's new for 2020 (and hopefully this is restricted to 2020):

- 1) Members only show. One car per member only.
- 2) PRE-REGISTERED CARS ONLY! The show is limited to 35 cars. Register early. Late entries and fees will be returned if max is reached. All vehicles need to be on the show field by 11:30 AM.
- 3) This is a rain-or-shine event. No refunds considered.
- 4) One Best of Show Award, that's it.
- 5) Face Masks and other NJ State mandated COVID19 restrictions apply.

Because this is different than previous shows, we will also try something new with our placement of vehicles on the show lot. Pre-Registration will allow us to group our cars by model. So, all Fleetwood cars together, all Coupe Devilles, all convertibles, you get the picture. I hope this affords us the opportunity to photograph unique collections of Cadillacs.

Other news, your board of directors has agreed to stay on for another year. Yes, that means Lois is in for 2021. Terrific! If anyone would like to join the board, you should step forward as this year's nominations are upon us.

Finally, please start thinking about 2021 and this club's 30 YEAR ANNIVERSARY. We need your thoughts on how we can all make this a memorable time. Think about a celebratory event, a keepsake, a special award, a publication, or whatever you believe this club should utilize to honor thirty years of camaraderie. Please share your thoughts with me at tpirog53@aol.com or on the show field.

See 'ya Down the Road,

Tom

BOB WALTON RECALLS LAST YEAR'S AUDRAIN'S CONCOURS D'ELEGANCE

Report and photos by Bob Walton

On Sunday, October 6, 2019, the inaugural “Audrain's Concours d'Elegance” was held at “The Breakers” in Newport, Rhode Island. This was the culminating activity of Audrain's Newport Motor Week. For those of you who have never attended a Concours d'Elegance, this is no ordinary cruise-in. A concours is intended to present the “best of the best” from around the world. The stated goal of the Audrain Automobile Museum is to make this an annual event, and they are hoping it will develop a reputation as the “Pebble Beach of the Northeast.” In that regard, they have taken a giant step toward their goal.

To be invited to display your car at such an event is an honor in itself. Each entry is vetted and its pedigree examined. The more rare, original and significant your car is, the better chance you have of being invited. This year's entries ranged from a French made 1899 Marot-Gardon to the latest limited production Aston-Martin. The bulk of the entries were brass era cars, sports cars and luxury rides. There were 13 classes. When was the last time you saw TEN Bugatti's in one place?

Although it is not a Cadillac, Wayne Carini's 1938 Lincoln Model K LeBarron Coupe was a product of Cadillac's founder, Henry Leland.

The Breakers, originally built and owned by the Vanderbilts, was the site of the inaugural Audrain's Concours d'Elegance

NERCLC member Travis Washay's very original 1947 Club Coupe.

The morning dawned cloudy and just below freezing but soon warmed up as the sun made an appearance. A stiff breeze blew across the show field which is directly on Narragansett Bay. The Breakers, a 70-room mansion built by the Vanderbilts in the 1890's towered over the show field.

The morning of the Concours I found only three Cadillacs on the show field. Perhaps this article may inspire a few of our members to inquire about having their classic Cadillacs invited to next year's event. All inquiries should be made through the Audrain Automobile Museum, 222 Bellevue Avenue, Newport, RI 02840.

The Chairman of the Motor Week and Concours was Jay Leno. The Chairman of the Concours d'Elegance was Donald Osborne. The judges were a virtual "Who's Who" of the collector car world. Mark your calendar; next year's Motor Week will be October 1 through 4 [Editor's Note: The 2020 Audrain Newport Concours & Motor Week has been postponed].

**The Superlative Degree
in Motoring Luxury**

THOSE whose social prestige suggests that their mode of motoring be in keeping with their position, will recognize in the Cadillac Landaulet a car whose grace of contour and richness of design and appointments, stamp it as a creation of dignity and distinction. It is a car for 365 days in the year. With the passenger compartment closed, it is an ideal equipage for inclement weather. With the rear section laid back, the unusually spacious opening provides the advantages of an open car.

With the super-smoothness of Cadillac mechanism, the deep soft upholstery and scientific spring suspension, its riding qualities are truly a revelation; there is experienced a delightful sense of ease and relaxation impossible of description. It would be difficult for you to suggest to yourself any qualities which could contribute more thoroughly to your comfort and your enjoyment.

The complete line of Cadillac cars is in full detail in the new "Catalogue of Cadillac Cars" which is being distributed by the Cadillac Motor Car Co., Detroit, Michigan. It is a most interesting and valuable publication, and is available to all who desire it. Write for it to the Cadillac Motor Car Co., Detroit, Michigan.

Model G \$2,000

Performance and Price

CADILLAC

It remained for the Cadillac Model G to convince discriminating motorists that a powerful, dependable, unobscured, easy-to-ride automobile, of high-grade construction and finish could be built and sold at a price considerably less than the average touring car.

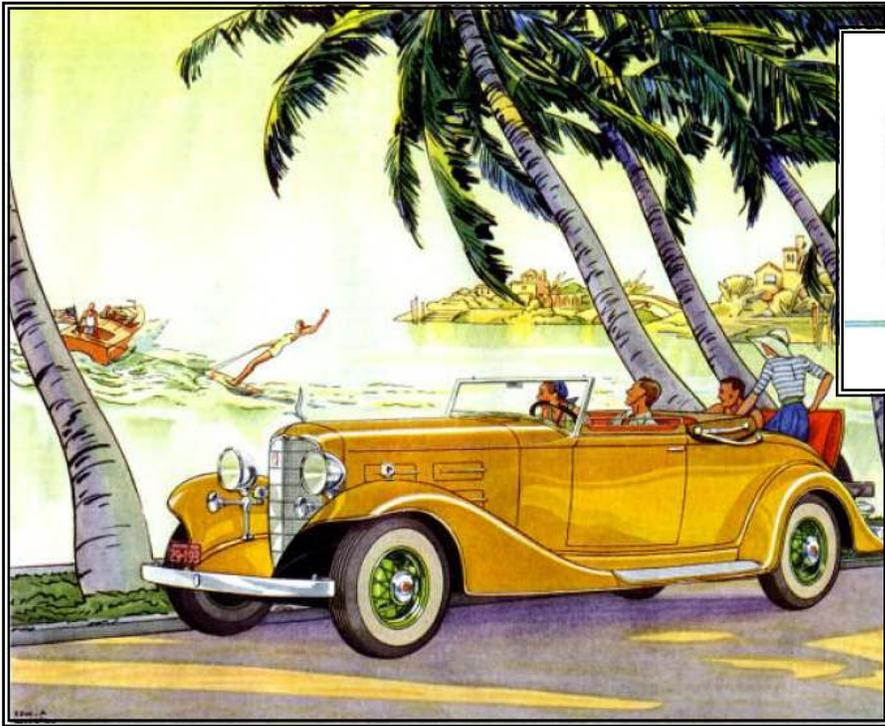

Model G represents more than mere motorizing; in every detail it embodies really superior mechanical achievement, embodying features and improvements found only in the most expensive models. Its motor, designed in the time-honored Cadillac tradition, is fitted under a system of inspection that insures accuracy in vital parts to a thousandth of an inch. This same rigidity of equipment characterizes every stage of Cadillac's construction, resulting in a car lightly efficient in operation, and destined to prove surprisingly economical in maintenance.

Model G is a car that will give you more pleasure and low maintenance than any other automobile in its class. It is a car that will give you more pleasure and low maintenance than any other automobile in its class. It is a car that will give you more pleasure and low maintenance than any other automobile in its class.

THERE'S LOGIC BEHIND YOUR PURCHASE

...when you choose a New La Salle

It is certainly difficult to question a man's judgment when he buys a new La Salle, for it is doubtful whether the purchase of any commodity can be justified more completely. . . . First of all, La Salle is a reasonably-priced car—with the 5-passenger Sedan now retailing at \$2245 at the factory. Yet, despite this moderate price, La Salle is built by Cadillac, and comes by the full tradition of Cadillac craftsmanship. It is built by the self-same workmen who fashion the Cadillacs. It is designed by the self-same engineers. And it is held to identical limits of precision—and to the same metallurgical specifications. Certainly, to have such a car by Cadillac, at a cost

within the immediate range of an ordinary car, is to have one of the biggest values in the modern commercial world. . . . Consider, too, that La Salle is a prestige car, in the strictest sense of the word—a car that can take you anywhere in a manner befitting the occasion. And, finally, remember that a La Salle retains its youthful appearance and its brilliant performance over such an expanse of time that one is happy to keep it for longer than the average automobile. . . . The sum of these facts makes a reason for ownership so sound that no one can seriously question it. So, when you purchase your next motor car, put logic behind your selection—and choose a La Salle.
