Last month I talked about how quickly time has gone by. I was going to continue that this month, but I will save that for next month. Instead, I want to talk about my friend Nick. I met Nick at the National Driving Tour in Detroit back in 2015. Nick's car was parked next to mine while we were both cleaning them. I don't remember the exact details, but we admired each other's cars, and I asked him if he wanted to borrow one of my detailing sprays. Little did I know at that time what that simple gesture would mean.

In 2016, while driving back from the Grand National in Las Vegas, I stopped by Nick's house to see his collection of cars. I really enjoyed seeing all the beautiful cars in his fleet. Since then, whenever I've seen Nick at a CLC event, he has always been a friendly face.

Fast forward to July of this year. I found another interesting purchase, a 1985 Chevrolet C20 Suburban out in New Mexico. I won the auction, but was not able to get out there to pick it up as soon as the seller wanted me to. So, I called my friend Nick. He picked up the truck for me and kept it at his house until I was able to get there to pick it up and drive it home.

Nick & Fred

After an unexpected delay due to COVID-19, I finally rented a car and made my way out to Albuquerque. I dropped the rental car off at the airport where Nick picked me up in his 30K mile 1983 Buick Park Avenue (it's for sale by the way). Nick and his wife Asimina were fantastic hosts as they invited me to stay with them. On Saturday, Nick and I took his 1966 Fleetwood to a Cars and Coffee event where I met some of his other car friends. We all had breakfast together at a diner owned by another of Nick's friends. Everyone was so nice to the visitor from the Midwest who was going to drive "that piece of crap" as Asimina referred to it, back to Chicago.

Over the course of the weekend, I was able to drive many of Nick's cars. There's nothing like an evening cruise in a convertible. I also ate quite well as Asimina is a fantastic cook. In addition, I was able to see a collection of beautiful cars, which included the last known Pierce Arrow ever manufactured along with the second to last one too. What may have even been the most memorable, was the Greek dinner party. I had a lot of laughs that night!

While all of this was fun, what made it all that much more special was learning just how much Nick and I had in common beyond cars. We never had enough time at a CLC event to learn so much about each other. I think we could have discussed anything and both would have found it interesting in the same way. It made the entire weekend visit that much more enjoyable. The only disappointment was having to leave to go home.

So, why do I tell you all about this? I never would have thought that such a beautiful friendship would be formed by the simple gesture of sharing a bottle of detailing spray 6 years ago. The CLC is full of wonderful people if you get to know them. You never know whom you are going to meet. Next summer we are hosting the Grand National in Chicago. I encourage everyone to engage in conversations with members you don't know. You may be surprised how that conversation could start a new friendship or even change your life.

So to wrap up the story, how did that "piece of crap" do on the way back to Chicago? It did just fine.

Saturday, September 11th was a day to remember. We started the day by remembering those lost in the 2001 terrorist attacks, but ended the day on a much lighter note with a Wisconsin road trip. Okay, WE weren't much lighter because of all of the delicious food we ate, but our spirits were lighter.

West of the Lake Region members from the Chicago area met up with our friends from the Badger Region in Southeastern Wisconsin and toured the O&H Kringle factory in Racine. A Kringle is a Danish pastry shaped like a wreath made from multiple layers of dough and butter, filled with various fruits or nuts and topped with icing. It takes three days to make a Kringle, and about three minutes for our group to devour one (they don't last much longer when you put them on the countertop at home either). O&H also has a bakery and gift shop attached to the main location and our group did a pretty fair amount of shopping.

Clockwise from Left: O&H Baker teaches us the basics of kringle making, our group paying attention to the sweet details, inside the O&H Bakery and gift shop, some delicious non-kringle treats.

After the tour of O&H, we made the short drive to the Charcoal Grille and Rotisserie. We were able to socially distance in a separate banquet room and enjoy lunch from a vast assortment of menu items, each one better than the last. When lunch ended, we parted ways and made individual stops at the Cheese Castle, the Brat Stop, Woodman's Market and the Pleasant Prairie Outlet Mall. The only down side to the entire day was that we didn't have enough time to get to visit with everyone, but we will certainly make up for that during the Grand National in June of next year.

A very special thanks to O&H Bakery for their hospitality, to our friends from the Badger Region for making the day so special and mostly to Vicki Hagstotz for arranging the entire day, her hard work made this September 11th one to remember for all the right reasons.

Self-Starter Wedding Issue – WOTLR Style

West of the Lake Region member Bryan Wood joined our Kringle tour driving his beautiful 1990 Brougham. Of course it was an incredible eye catcher that everybody had to admire, then Bryan reminded us that his Brougham was featured in this year's June wedding edition of the Self-Starter. Bryan's daughter Jennifer and her new husband Tanner couldn't have asked for a better limousine ride from the church to the reception. The bride's beautiful white dress looked perfect against the white Brougham. Check out the June Self-Starter for the full article written by proud father of the bride, Bryan Wood. Now just think, Bryan, how nice it will be to see baby seats in the back of that Brougham!

General Motors and Amazon Team Up to Offer OnStar Emergency Service at Home

New feature, the OnStar Guardian skill for Amazon Alexa, gives customers access to OnStar's Emergency-Certified Advisors at home through Alexa-enabled devices

DETROIT – General Motors and Amazon today announced plans to introduce the OnStar Guardian skill for Amazon Alexa, a new feature that will provide a voice-enabled connection to Emergency-Certified OnStar Advisors at home through compatible Alexa-enabled devices. The OnStar Guardian skill for Amazon Alexa is part of the OnStar Guardian platform, which aims to help keep people safe no matter where they are located.

When the OnStar Guardian skill for Amazon Alexa is enabled on compatible, in-home Alexa devices, household members can reach OnStar Emergency-Certified Advisors by saying, “Alexa, call for help,” during crisis situations, such as house fires, medical emergencies, break-ins and more.

Over the last 25 years, OnStar has helped its members feel protected, connected, safe and secure. The OnStar Guardian platform, born out of GM's Global Innovation organization, will continue to innovate and expand services for people, whether they are in a [GM or non-GM vehicle](#), at home or elsewhere.

The OnStar Guardian skill for Amazon Alexa will initially be available to select OnStar members, with the intent to broadly roll out the service, beginning in 2022, to anyone in the United States with a compatible, in-home Alexa-enabled device, such as an Echo, Echo Dot or Echo Show.

THE WEST OF THE LAKE REGION

operates under charter from the Cadillac & LaSalle Club, Inc., and is "Dedicated to the preservation, restoration, and enjoyment of the Cadillac and LaSalle cars."

This region was founded in August of '85 and has grown to over 130 members in Illinois, Wisconsin, and Northwestern Indiana.

We publish a monthly newsletter and hold monthly meetings during the "driving season," March through November.

Our activities include road trips and various shows throughout the area, a winter game night, a family picnic, and occasional special events.

Families are encouraged to participate in Club activities. Spouses and children through age 17 are included in your membership.

For more information, call Ron Schweitzer, Membership Secretary, at (630) 833-3593.
